The performance data quoted herein represents past performance and does not guarantee future results. The investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. Market volatility can dramatically impact the fund's short-term performance. Current performance and expense ratio may differ from figures shown. For performance data current to the most recent month end, please call First Eagle Funds at 800.334.2143 or visit us at [firsteaglefunds.com](http://firsteaglefunds.com).

The average annual returns are historical and reflect changes in share price, reinvested dividends and are net of expenses. "With sales charge" performance gives effect to the deduction of the maximum sales charge of 5.00%.

The Standard & Poor's 500 Index is a widely recognized unmanaged index including a representative sample of 500 leading companies in leading sectors of the U.S. economy and is not available for purchase. Although the Standard & Poor's 500 Index focuses on the large-cap segment of the market, with approximately 75% coverage of U.S. equities, it is also considered a proxy for the total market.

\* 2001 performance is for the period 09/04/01 to 12/31/01.

Investments are not FDIC insured or bank guaranteed and may lose value. Investment in gold and gold related investments present certain risks, and returns on gold related investments have traditionally been more volatile than investments in broader equity or debt markets.
